Callington

SUPPLIER SPOTLIGHT CALLINGTON AVIATION SOLUTIONS

Supporting safer, cleaner, and more compliant aviation operations.

Aerotechnic South Africa is proud to partner with Callington, a globally recognised provider of aviation chemical solutions trusted by airlines, MRO facilities, and aviation operators worldwide.

With a portfolio developed specifically for the aviation industry, Callington products help operators maintain aircraft cleanliness, passenger comfort, regulatory compliance, and operational efficiency across every stage of flight operations.

The Callington Advantage

For decades, Callington has been delivering science-backed chemical solutions designed to meet the unique demands of the aviation sector.

Their specialised product range supports:

- ◆ Aircraft disinsection programmes
- ◆ Cabin hygiene and sanitation
- ◆ Exterior aircraft cleaning
- ◆ Maintenance and engineering operations
- ◆ Compliance with international aviation standards

By combining innovative chemistry with proven aviation expertise, Callington helps operators maintain safe and efficient aircraft environments for both passengers and crew.

Featured Aviation Solutions

Aircraft Disinsection Products

Trusted solutions developed to assist airlines in meeting international biosecurity and regulatory requirements while ensuring passenger and crew safety.

Cabin Hygiene Solutions

Advanced cleaning and sanitation products designed to support healthier cabin environments and enhance the passenger experience.

Aircraft Exterior Cleaning

Effective exterior cleaning solutions that help maintain aircraft appearance while protecting valuable surfaces and components.

Maintenance Support Chemicals

Specialised products developed to support maintenance teams with reliable, high-performance solutions for operational excellence.

Border Biosecurity Disinsection

AEROSAFE®

Aerosol Aircraft Insecticide for Cabin Spraying

Item Code: 4520/40/1
4520/70/1/SA

PSA NON FLAMMABLE AIRCRAFT INSECTICIDE - PERMETHRIN

Cabin Aerosol Insecticide - 2% w/w permethrin
Item Code: AR0006460 / 5542 / 0313 / 0299 / 0312 / 0300 / 0309 0301

PSA NON FLAMMABLE AIRCRAFT INSECTICIDE - PHENOTHRIN

Cabin Aerosol Insecticide - 2% w/w 1R-trans phenothrin
Item Code: AR0006698 / 6700 6701 / 6702 / 6703 / 6704

PSA NON FLAMMABLE AIRCRAFT INSECTICIDE - PHENOTHRIN

Cabin Aerosol Insecticide - 2% w/w phenothrin
Item Code: AR0004922 / 5479 / 0296 / 4887 / 0290 / 0298 / 0291

PSA NON FLAMMABLE AIRCRAFT INSECTICIDE - PHENOTHRIN / PERMETHRIN

Cargo Hold Aerosol Insecticide - 2% w/w permethrin 2% w/w phenothrin
Item Code: AR0000316

ALIZÉ LATEST-GENERATION FOAMING HAND SOAP

Alizé is the first Safe Aircraft Foaming Hand Soap to also feature calculated and offset carbon footprint for CO2 Neutral Products!

Why This Matters

In today's aviation environment, maintaining the highest standards of cleanliness, safety, and compliance is more important than ever.

Through our partnership with Callington, Aerotechnic provides clients with access to proven aviation chemical solutions backed by technical expertise and reliable support.

Together, we help operators:

- ◆ Enhance safety and regulatory compliance
- ◆ Improve operational efficiency
- ◆ Maintain high standards of aircraft hygiene
- ◆ Support long-term asset protection and performance

Your Next Step

Whether you're looking to strengthen your disinsection programme, improve cabin hygiene, or optimise aircraft maintenance processes, Aerotechnic South Africa can help you find the right Callington solution for your operation.
