## *SUPPLIER SPOTLIGHT*
### *SAFRAN AEROSYSTEMS*

As a high-technology group and world leader in aerospace equipment, Safran Aerosystems designs and manufactures high-tech, mission-critical equipment for commercial aircraft and defense systems worldwide. Known for precision engineering and rigorous OEM standards, Safran Aerosystems powers safety, oxygen, fuel, and avionics architectures across the global aviation sector.

Our sister company **Harmony Aerospace France (HAF)**, a member of the **Stavia Group**, holds the official authorization as a distributor for Safran Aerosystems. Working together within the group, HAF and Aerotechnic support commercial aviation customers with genuine Safran Aerosystems solutions, offering seamless procurement backed by global technical expertise.

## WHAT THIS DISTRIBUTION PARTNERSHIP BRINGS TO THE TABLE

- **Official written authorization** issued to sister company Harmony Aerospace France (HAF)
- **Direct access** to certified Safran Aerosystems product lines
- **Full trace and Cage Code compliance** across key aircraft systems
- **Rapid sourcing** via an established worldwide network of authorized resellers under the Stavia Group
- **Dedicated technical guidance** and account support

Object: written acknowledgement of authorized distributor
Dear sir,
We hereby formally confirm that, by letter and with effective 30th 2024, a Harmony Aerospace company appointed under the name of "HAF" has been granted the status of "Authorized Distributor" for the Safran Aerosystems product lines listed in the attached appendix. HAF is authorized to act as an independent non-exclusive distributor of Safran Aerosystems products, and to sell them to customers worldwide, in accordance with the terms and conditions of the agreement between Safran Aerosystems and HAF.
This authorization will remain in force for a period of 5 years, unless terminated earlier in accordance with the provisions of the agreement between Safran Aerosystems and HAF.
Yours faithfully,
Raphael Gauthier
